SELECTMEN'S REPORT

In 1979 the Roaring Brook project was completed which had been delayed from last year because of the lack of funds. The railroad crossings at Church and Main Streets, a holdover from 1978, were also finished.

Whitman & Howard completed the water study which was required by law and the summary of that study can be found elsewhere in this report.

As contemplated last year, at the request of the Board of Selectmen, a revision of the Phase II contract was rewritten by Anderson-Nichols with permission of the Water Supply & Pollution Control Commission. Anderson-Nichols has been seeking an alternative to pumping sewage from Northumberland to Groveton and is at present holding hearings on several locations in Northumberland. No decision has been made on where the lagoons will be located. Contracts have been signed for funds to help pay for the project.

Last summer saw the Town have a real serious water shortage. With the cooperation of Groveton Papers Company, the Precinct, our Town Crew and the citizens of the town we weathered the lack of water without too much sacrifice on anyone's part.

The Town received a \$178,500 grant from HUD to help finance the replacement of the storm sewers, the Town Maps were delivered and notification to the Board of where the bridge is to be located between Northumberland and Guildhall. It will set between the present bridge and the dam.

Berlin Pollution Control Commission is now doing our water and sewer tests at a great savings to the town.

The police station was moved to the library basement for the winter months in order to save on the use of oil and Robert Smith was welcomed as the replacement on the police force.

The Board has been advised by the Department of Revenue Administration that our valuation is at 32%. Last year that Department ordered the revaluation of five towns in the state because they were too low; that is why the article for revaluation is in our Warrant so that we will not be ordered to do so.

The Town joined the New Hampshire Municipal Association Unemployment Compensation Fund. This met the requirements of the New Hampshire laws passed by the Legislature that towns and cities must have this coverage.

We have done our best to fulfill the requirements of the laws, to keep expenses down whenever possible and are pleased to report the Town is still in good financial condition.

James C. Wemyss, Jr.
George A. Langley
Harold E. Marshall, Sr.

TOWN WARRANT

TOWN OF NORTHUMBERLAND THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Northumberland qualified to vote in Town affairs:

You are hereby notified to meet at the Groveton High School Auditorium in said Town on the Second Tuesday in March next, March 11, 1980, to act upon the subjects hereinafter mentioned. You are hereby warned that on said date and place the polls will be opened at 10:00 o'clock in the forenoon and will remain open until 6:00 o'clock in the afternoon for the reception of your ballots under the Non-Partisan Ballot System, (Articles 1, 2, 3 and 4). You are also hereby warned that on said date and place at 7:00 o'clock in the evening the matter of appropriations and such other business properly coming before said meeting will be taken up for your consideration and action.

ARTICLE 1. To choose by ballot the following Town Officers for the ensuing two years: one Auditor and one Moderator.

ARTICLE 2. To choose by ballot the following Town Officers for the ensuing three years: one Selectman and one Library Trustee.

ARTICLE 3. To choose by ballot the following Town Officers: two Trustees of the Trust Funds, one for one year and one for three years.

ARTICLE 4. To choose by ballot the following Town Officers for the ensuing six years: one Supervisor of the Check Lists.

ARTICLE 5. To see if the Town will vote to raise and appropriate the sum of \$81,544.62, together with any interest accrued thereon, from the separate water and sewer account (said sum being the remainder of the amount of the new settlement received from EPA on the Town's Sewage Abatement Project) for use by the Selectmen toward the expense of study, planning or construction, or any combination thereof, of the storm drainage and sewer systems for Groveton Village, the sewage disposal system for Northumberland Village and the water system for Northumberland Village, and further, if appropriate, to use said sum as matching funds for any monies obtainable for such purposes from any state or federal source, the Selectmen being hereby authorized to make application for funds for such purposes to any state or federal agency.

ARTICLE 6. To see if the Town will vote to appropriate from the Revenue Sharing Fund the sum of \$11,000 for the use by the Selectmen toward the expense of study, planning or construction, or any combination thereof, of the storm drainage and sewer systems for Groveton Village, the sewage disposal system for Northumberland Village and the water system for Northumberland Village this amount being the difference between the amount in Article 5 and the total cost of the study for both the Village of Groveton and the Village of Northumberland.

ARTICLE 7. To see what sums of money the Town will vote to raise and appropriate to defray the following Town charges for the ensuing year: (1) Town Officers' Salaries; (2) Town Officers' Expenses; (3) Election and Registration; (4) Municipal Court; (5) Town Hall & Other Buildings; (6) Police Department; (7) Fire, including Forest Fire; (8) Blister Rust and Care of Trees; (9) Planning & Zoning; (10) Insurance; (11) Civil Defense; (12) Health Department; Hospital, Menatl Health, Ambulance & Nursing Services; (13) Dump Maintenance; (14) Town Road Aid; (15) Town Maintenance - Summer; (16) Town Maintenance - Winter; (17) Street Lighting; (18) General Expense Highway Department; (19) Gasoline Purchases/Sales; (20) Street Maintenance; (21) Sidewalk Maintenance; (22) Library; (23) Town Poor; (24) Old Age Assistance; (25) Aid to Permanent and Totally Disabled; (26) Memorial Day; (27) Parks & Playgrounds; (28) Sewer Department (Fees); (29) Water Department (Fees); (30) Cemeteries; (31) Damage & Legal Expenses; (32) Advertising; (33) Retirement & Social Security; (35) Senior Citizens; (36) No. Country Council; (37) Principal on Sewer Bonds; (38) Interest on Sewer Bonds.

ARTICLE 8. To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by the Town Meeting, money from the State, Federal or other governmental unit or a private source which becomes available during the fiscal year (RSA 31:95-b).

ARTICLE 9. To see if the Town will vote to authorize the Board of Selectmen to administer and dispose of any real estate acquired by Tax Collector's Deed at private sale, as the Selectmen, in their sole discretion, deem equitable and just (RSA 80:42 (I and III)).

ARTICLE 10. To see if the Town will vote to appropriate from the Revenue Sharing Fund the sum of \$10,000 to insulate the town garage and to purchase a stove for same.

ARTICLE 11. To see if the Town will vote to appropriate from the Revenue Sharing Fund the sum of \$10,000 for the purchase of a police cruiser, lights for the cruiser and two radios for the police department.

ARTICLE 12. To see if the Town will vote to appropriate from the Revenue Sharing Fund the sum of \$4,000 for a Town Audit as required by law for those towns and cities receiving Revenue Sharing Funds.

ARTICLE 13. To see what sum of money, if any, the Town will raise and appropriate to reline the Town reservoir, such sum to be a combination of regular appropriation and withdrawal from the Revenue Sharing Fund.

ARTICLE 14. To see if the Town will vote to adopt the following Resolution: "Be it resolved by the Town of Northumberland that the New Hampshire Housing Commission be and is authorized to operate in the Town of Northumberland, in the State of New Hampshire, that said New Hampshire Housing Commission is authorized to sponsor projects for elderly/low income persons under Section 8 of the U.S. Housing Act of 1937 as amended, for any of the following accommodations or a combination thereof: (a) existing standard housing 20 dwelling units; (b) substantially rehabilitated housing 2 projects not to exceed 20 dwelling units; the total amount of the foregoing not to exceed 40 dwelling units."

ARTICLE 15. To see if the Town will vote to adopt the following Resolution: "Be it resolved by the Town of Northumberland that the New Hampshire Housing Commission be and is authorized to operate in the Town of Northumberland in the State of New Hampshire and that the said New Hampshire Housing Commission is authorized to sponsor a project for persons of low income under Section 8 of the United States Housing Act of 1937 as amended, for any of the following accommodations; Existing standard housing 30 units." (Inserted on petition of 11 voters)

ARTICLE 16. To see what action the Town will vote to take on the following article which was presented on petition to be included in this Warrant: "We, the Senior Citizens of Groveton, would like to get exempted on our Town water and sewer taxes." (Signed by 37 voters)

ARTICLE 17. To see what action the Town will vote to take on the following article which was presented on petition to be included in this Warrant: "We, the undersigned, voters and citizens of the Town of Northumberland, village of Groveton, do hereby petition that a new sidewalk be installed on Brooklyn Street beginning at Philip Ferlands." (Signed by 12 voters)

ARTICLE 18. To see if the Town will vote to have a complete revaluation of the Town starting in 1982, either by the Appraisal Division of the Department of Revenue Administration or by a private appraisal company, as the Selectmen deem appropriate, and to raise and appropriate the sum of \$12,000 to be placed in a Capitol Reserve Fund for such complete revaluation.

ARTICLE 19. To see if the Town will vote to raise and appropriate the sum of \$25,000 to extend the sewer line from a point at the Elmer Cass residence to the Woodward residence on Hillside Avenue, a distance of approximately 1800 feet. (Inserted on petition of 25 voters)

ARTICLE 20. To see if the Town will vote to establish a scale of discounts for the prepayment of real estate taxes. The scale of discounts to be as follows: 3% if paid on or before June 1, 1980; 2% if paid on or before August 1, 1980; and 1% if paid on or before October 1, 1980. Discount will be allowed on \$100 minimum payment.

ARTICLE 21. To see if the Town will vote to instruct the Selectmen to appoint all other Officers as required by law.

ARTICLE 22. To hear reports of agents, auditors, committees, or other officers heretofore chosen and pass any vote relating thereto.

ARTICLE 23. To transact any other business that may be legally brought before said meeting.

Given under our hands and seal the 11th day of February, 1980.

James C. Wemyss, Jr., Chairman
George A. Langley
Harold E. Marshall, Sr.

LIBRARY REPORT

1979 was a growing year for your library with a circulation record of over 17,000 - an average of one book every three minutes. We would like to take the credit for all of this increase but realize it is, in part, a result of the increased cost of living. The service the library can, or does, provide will continue to be in greater demand as prices for essentials leave very little for luxury items.

To meet the increasing needs of its patrons more effectively the library has been rearranged to improve efficiency and utilization of space which has become a problem. Regularly scheduled hours have been extended during the year to accomodate senior citizens, summer residents and elementary school students. Shut-ins and handicapped citizens have been offered library services through the joint effort of the librarian and RSVP Coordinator with materials to be delivered and picked up by a senior volunteer. Books are ordered via the Baker & Taylor hotline and Doubleday Company for speedy delivery, not only for best sellers but other reader needs with both companies offering substantial discounts. Approximately 600 fiction and nonfiction books were purchased during the year. The new card catalog, when complete, will provide patrons with a comprehensive listing of the library holdings easily located by author, title or subject. We were fortunate in obtaining a CETA worker for eight weeks. The many hours Miss Simonds worked on our books was a substantial saving in library working hours towards completion of the catalog.

Other activities included "Picture Pages" a program concentrating on readiness skills with Captain Kangaroo as the teacher via TV proved to be a novel and fun way for our very young to discover the library. A reading program, though not planned but requested by the children during the summer, was highly successful with a number of children maintaining or increasing their reading skills though continued summer reading. An organized program is in the planning stages for the coming summer.

The sale of old books and cookbooks was ongoing throughout the summer and fall. The cookbooks were sold not only by the library but other civic minded people as well. A special "thank you" to all but especially to the Beauty Salons and Wendal Hart who did a lot of totting. Over 400 were sold and we still have a few left! Come and buy!

A workshop for North Country librarians was hosted by your library in the spring. Trustee Ray Clement attended both the State Library and State Trustees Association conferences. Your Librarian completed half of the courses required by the state for certification attending classes at Plymouth and UNH.

Last but not least, storm windows were added and our crumbling steps were repaired.

Our library has provided an important service to the community since 1891 when our first free public library was established in a room of a "fancy grocery store" with the proprietor, believed to be W. W. Pike, serving as librarian until 1903 when the first building

was erected through the dedicated work of the VIS, a group of civic minded ladies. In 1965 our present building was completed, again through the hard work of civic minded citizens of the community, a federal grant, trust funds designated for library use only, and many donations. It was built to meet the needs not only for 1965 but with an eye to the future. That future is here now. If we are not to slide back to the overcrowded situation prior to 1965 we need to utilize all of our space in order to provide the services which were and have been of importance to our community for many years. This is the fifteenth anniversary of your present free public library. If it is to retain its autonomy as such, your support is essential.

Respectfully submitted,

Mrs. Patricial Tillotson, Librarian
Mrs. Helen Carver, Assistant
Librarian

TRUSTEES:

Mrs. Harriet McMann, Chairwoman
Mrs. Pauline Rice
Mr. Raymond Clement

SENIOR MEALS PROGRAM

This past year the serving of meals has increased over 1000 from 1978. In 1979 over 4786 were served. Six times during the year the meals were prepared and served by Groveton High School Home Economics Class taught by Mrs. Sue Buteau and Mrs. Yvette Marquis.

Recognition Day for Retired Senior Volunteer Program (R.S.V.P.) was held at the LaChalet in Berlin on June 19th. It was well attended.

On July 27th seventeen seniors visited the Maple Grove Museum in St. Johnsbury, Vermont and a cook-out was held at Rogers' Campground on August 17th for the active R.S.V.P. members and their spouses. Mrs. Benson demonstrated spinning on October 31st.

Free blood pressure clinics are held the third Wednesday of every month and are well attended. Six new members joined R.S.V.P. during the year and there is always room for more. No courses were offered or classes held because of lack of interest.

Eva Knowlton, Director

GROVETON VILLAGE PRECINCT

To the inhabitants of Groveton Village Precinct qualified to vote in Precinct affairs:

You are hereby notified to meet in the Groveton High School Cafeteria in said Precinct on Friday, March 28, 1980, at 7:00 P. M. for the transaction of the following business:

- ARTICLE 1: To choose by ballot, a Moderator to preside over said meeting.
- ARTICLE 2: To choose by ballot, a Precinct Clerk for the ensuing year.
- ARTICLE 3: To choose by ballot, a Precinct Commissioner for a period of three years, and any other officers, agents and auditors for the ensuing year.
- ARTICLE 4: To see what sum of money the Precinct will vote to raise and appropriate for the payment of Precinct Officers salaries, Firemen's salaries and Payroll, and such other incidental expenses as may arise within the Precinct. (Recommended: \$22,535.00)
- ARTICLE 5: To see what sum of money the Precinct will vote to raise and appropriate for the Collection and Disposal of Rubbish. (Recommended: \$18,920.00)
- ARTICLE 6: To see what sum of money the Precinct will vote to raise and appropriate for the purchase of new hose and equipment. (Recommended: \$6,000.00)
- ARTICLE 7: To see what sum of money the Precinct will vote to raise and appropriate to the Capital Reserve Fund, established for the purpose of purchasing a pumper fire truck, said money to be deposited with the Trustees of the Trust Fund until needed for the new equipment.
- ARTICLE 8: To see what sum of money the Precinct will vote to raise and appropriate to the Capital Reserve Fund, established for the purpose of purchasing general type of new equipment, said money to be deposited with the Trustees of the Trust Fund until needed for new equipment.
- ARTICLE 9: To transact any other business which may legally come before said meeting.

GIVEN UNDER OUR HANDS AND IN SEAL THIS TWENTY-NINTH DAY OF JANUARY 1980.

All other Funds invested in Peoples National Bank of Groveton.

RECREATION PROGRAM - 1979

The 1979 Recreation Program opened the year with an active skating and hockey program. The considerable snow that fell hampered our efforts to provide good ice at all times but generally, good skating prevailed. The Recreation Building was supervised and heated throughout the skating season. Damage from vandals marred an otherwise successful season.

The essence of the Recreation Program, the summer schedule, kicked off in mid-June and continued for ten weeks. Ms. Mary Gavin and her able staff, Miss Kathy McNally and Jim Marshall, provided a superb summer of activities. Here are some of the special activities held:

- Track and Field Day
- Ken-L Ration Dog Show
- Hot Shot Competition
- Puppet Show
- Stuffed Animal Show
- 2 Bike Hikes
- Checker Tournament
- Foul Shooting Contest
- Poster Contest
- Ambulance and First Aid Demonstration
- Playground Superstars
- Intertown Competition in Baseball, Softball,
Basketball and Swimming

Several intertown swim meets were held with the Groveton Pool Team showing well. Arts & Crafts continued a very ambitious program with the building being full every morning. The Committee is currently evaluating the recommendations from the staff to be put into effect for the 1980 program.

The biggest event of our season came with the opening of the new Groveton Recreation Tennis Courts at Memorial Field. These courts, made possible through the B.O.R. grant, received wholehearted support from both adults and the youth of Groveton. Weekends and evenings saw the courts with waiting lines of players. The Committee feels this is the best facility we have added to date. We look forward to adding tennis lessons to the Recreation Program for both adults and youth during the 1980 summer season. It is anticipated we will need a rest room facility at Memorial Field to accommodate both tennis players and spectators and players from the high school soccer and baseball teams. Plans are being prepared for this facility.

The hockey rink was moved from its prior location to a permanent site at State Street Field. The Committee feels this move is now permanent and we can progress with the remaining projects attendant with that field.

Again, the kids Hallowe'en Party was successful and well attended. The WMOU Disco Party for the teens kept the goblins off the streets. A good time was had by all.

The Committee has requested additional funding for the 1980 season as we have operated within the current budget limits for the past three years. To do this, we have consistently reduced the size and scope of the program eliminating the basketball clinic, several outside field trips and some staff members. We do not feel we can continue to cut the program and provide the type of recreation the youth of Groveton deserves.

Also, the swimming pool requires a new vacuum system and we would like to purchase some deck furniture for the adults who accompany their children to the pool.

GROVETON AMBULANCE CORPS

1979 was a very active year for the Groveton Ambulance Corps. We provided emergency care for patients on 90 emergency calls and 23 transfer calls. Among the emergencies treated were fractures, cardio-pulmonary problems, overdoses, back,neck and automobile injuries. The Corps maintains a 24 hour, seven day a week service with 10 full time crew members and 8 part time members. All crew members are licensed by the State of New Hampshire.

Our Ambulance Corps, which, in 1979, was directed by Wilfred Dumas, has passed all state inspections and maintains equipment above which is required. We meet the second Tuesday of each month for a business meeting and training session. The Corps has a "Resci-Anni" and a "Resci-baby" which are used for classes and practice by crew members to become and remain qualified in CPR (Cardio-Pulmonary Resuscitation). All crew members must pass a written and practical CPR exam each year.

A very successful auction was held in August. From the proceeds we were able to purchase a new stretcher which has lever and pressure controlled expandable and collapsable legs and a cable puller (Come-along). Plans are now being made to purchase additional tools for the ambulance. A dance was held at Carter Hall for children in grades 3-7 with approximately 85 children attending. We donated \$100 to the Community Christmas Fund and delivered the Community Christmas fruit baskets.

We would like to extend an invitation to individuals who are qualified and would like to become a crew member. We need and will welcome your services. Periodic advanced first-aid and CPR courses are held in Groveton. If you wish to participate in either or both classes you may contact a crew member or the Town Office.

We wish to thank everyone who contributed items, time and talent to our very successful auction. We also wish to thank and express our gratitude to our Director, all crew members, Dr. Robert Hinkley and the townspeople for their continued support.

REPORT OF FOREST FIRE WARDEN
AND STATE FOREST FIRE SERVICE

Prevention and control of forest fires is handled through a cooperative effort between town/city fire organizations and the State Forest Fire Service.

Since 1903, when the first forest fire laws were passed by our Legislature, the State Forester has appointed someone in each municipality as a Forest Fire Warden and charged him with responsibility of forest fire prevention and control within his town/city. This person may ask the State Forester to appoint as many Deputy Forest Fire Wardens as may be necessary to efficiently carry out his charge.

The State Forester has divided the State into ten forest fire districts with a full time District Forest Fire Chief in each district. The State organization is charged with assisting the municipal forest fire organization in any way possible.

State personnel conduct fire training schools, assist with forest fire suppression, fire cause investigation, prosecution of fire law violators and forest fire prevention programs. Forest fire suppression equipment is purchased through State bulk purchasing ability and sold to local departments for conversion into fire suppression units. This cooperative arrangement between State and municipality has resulted in one of the best forest fire records in the United State with less than one-half acre of woodland burned in each fire reported.

Burnham A. Judd - District Fire Chief
C. Dean Sanborn - Forest Fire Warden

N O R T H C O U N T R Y C O U N C I L , I N C .

In Northumberland, North Country Council assisted the town in preparing a successful application for \$178,000 for storm water separation, a needed project in Town. Assisted the Town in the implementation of its community development program. Provided information on water supply and storm water separation. Identified major capital improvements in the Town. Provided information.

This past year of 1979 saw a nixture of planning and action for the North Country Council, Inc. Major contributions were made in rural and economic development, local planning, and transportation.

The Council acts as a "regional spokesman" with membership on the Governor's Advisory Committee on Growth, the N. H. Environmental Law Clinic, and the State's Forestry Resources Committee. By sponsoring forums and conferences on growth in the forest industry, agricultural development, and regional land use, the Council has brought together people, ideas, and resources to generate appropriate solutions.

We believe that the Council has a program that can assist its rural communities in meeting the challenges and opportunities of the 1980s. The Board of Directors, the staff and the entire Council greatly appreciates the support your Town has provided in 1979 and over the last few years.

I N F O R M A T I O N P E R T A I N I N G T O
K E E P E R S O F D O G S

Every keeper of a dog three months old or over shall annually, on or before April thirtieth license their dog in the office of the Town Clerk. A tag will be furnished which shall be worn by the dog. Before a license is issued, the keeper of the dog shall furnish to the clerk a certification that said dog has been vaccinated against rabies. The fee for a license for a year shall be \$3.50 for a neutered male or spayed female dog. If said dog has been neutered or spayed a certificate from the person performing the operation must be furnished to the clerk. Kennel licenses are also available for keepers of 5 or more dogs, with proportionate fees. There is an additional fee of a dollar for each month's delay in licensing a dog after June 1st. The selectmen of each town annually within ten days of June 1st., issues a warrant to the police department directing them to proceed forthwith either to collect the fees due or cause to be killed all dogs not licensed.

A dog will be deemed a nuisance if it barks for sustained periods of time, or during the night hours as to disturb the peace and quiet of a neighborhood area; if it digs, scratches or excretes or causes waste or garbage to be scattered on the property of other than its owner; if it is permitted to run at large or to be off the premises of the owner; and if in heat it is used for hunting. A dog shall be deemed a menace if it growls, snaps at, runs after or chases any person, bicycle, motor vehicle, motorcycle or other vehicle being driven, pulled or pushed on the streets, highways or public ways. A dog shall be deemed vicious, if, whether alone or in a pack with other dogs, it bites, attacks or preys on game animals, domestic animals, fowl or human beings. The fines for these offenses are: nuisance \$10.00, menace \$15.00 or vicious \$25.00. Notices of offenses are given by the police department, payable at the office of the town clerk within 4 days of the given notice.

W A T E R S U P P L Y

BY

Whitman & Howard, Inc., 5 So. State Street, Concord, N. H.

SUMMARY

The State of New Hampshire has, during the past year, required many of the public water systems in the State to conduct studies to find if they are meeting the requirements of the Federal Safe Drinking Water Act and to review general system performance. The Groveton water system operated by the Town of Northumberland fell among those mandated for study. The Town engaged Whitman & Howard, Inc., to perform the required services.

FINDINGS

1. There is one existing violation of the bacteria requirements of the Safe Drinking Water Act., caused by the absence of a disinfection facility on the Northumberland village system. Plans are presently underway to correct this. Also, the springs and reservoir of the Northumberland system are poorly protected which aggravates the bacteria problem.

2. There is a potential violation of the turbidity requirements of the Safe Drinking Water Act in the Groveton system. The necessary instrument has been purchased and the required daily readings have begun. The readings should be reviewed as time passes to see if corrective measures are necessary. Corrective measures might include construction of a water treatment plant or abandonment of the existing source in favor of a groundwater source.

3. The Groveton system suffers periodic shortages caused by insufficient yield of the present source. This condition was relieved somewhat by the 1976 construction of the upper reservoir but was not eliminated. Three alternate solutions to the shortage problem were chosen for study, a, an intake on the Upper Ammonoosuc River, b, a dam on Roaring Brook, and c, a groundwater well. The groundwater well turned out to be the best choice by far. A test well was located which yielded a large quantity of good quality water. It has the potential to solve the shortage problems far into the future and also to replace the existing source entirely should turbidity prove excessive in that source.

4. The wooden storage tank on Cottage Street is too small and poorly situated to provide adequate pressure, system reliability, and fire protection. It is also in poor condition.

5. The watershed of the Groveton system is neither owned nor controlled by the Town, and must therefore be considered vulnerable to contamination.

6. It is possible to inexpensively interconnect the Groveton and Northumberland systems, thereby greatly improving fire protection and system reliability.

RECOMMENDATIONS

Recommendations are presented in four priority groups. The work may be done all at once or in progression. First - Speedy implementation of the Northumberland chlorinator, corrective construction of the Northumberland reservoir and springs, and strict tabulation and review of daily turbidity readings. Second - Development of a gravel-packed groundwater well. Third - Erection of a new water storage tank to replace the wood tank on Cottage Street, and interconnection of the Groveton and Northumberland systems. Fourth - Miscellaneous work, including a new Northumberland storage tank, a study of the distribution system, and purchase of the Groveton watershed if still in service.

John L. Scott, P.E. Engineer

S T A T E O F N E W H A M P S H I R E

To the Inhabitants of the School District of Northumberland qualify-
field to vote in district affairs:

You are hereby notified to meet in Groveton High School Gymnasium
in said district on Saturday, March 22, 1980, at 2:00 o'clock in the
afternoon to act upon the subjects hereinafter mentioned. The polls
will be open at said place and date from 2:00 o'clock in the afternoon
until 5:00 o'clock in the afternoon for the reception of your ballots
under the non partisan ballot system; furthermore you are hereby warned
that on said date and place, at 2:30 o'clock in the afternoon the mat-
ters of appropriations and such other business properly coming before
said meeting will be taken up for your consideration and action.

1. To choose by non partisan ballot the following district
officers for the ensuring year; a moderator, a district clerk,
a district treasurer, two auditors, and two members of the
school board for the ensuring three years.
2. To hear reports of agents, auditors, committees, or officers
heretofore chosen and pass any vote relating thereto.
3. To see if the district will vote to accept the provisions of
Title I, Public Law 89-10 (Elementary and Secondary Education
Act of 1965) and to appropriate such funds as may be made
available to the district under said Federal Act for the par-
ticular projects as may be determined by the school board.
Further, to see if the district will authorize the school
board to make application for such funds and to expend the
same for such projects as it may designate.
4. To see if the district will vote to accept the provisions of
the Federal and State School Lunch and Special Milk Program,
and to appropriate such funds as may be made available to the
district under such programs as may be determined by the
school board. Further, to see if the district will authorize
the school board to make application for such funds and to
expend the same for such programs as it may designate.
5. To see if the district will authorize the school board to
make application for, to receive and expend in the name of
the district such advances, grants-in-aid or other funds for
educational purposes as may now or hereafter be forthcoming
from the U. S. Government and/or State Agencies.

6. To see if the district will vote to raise and appropriate the sum of \$5,000.00 to be placed in a Capital Reserve Fund established for the purpose of replacing or improving its heating equipment and/or systems, or to make major capital improvements, and that the school board be authorized as agents to determine when such funds may be expended.
7. To see if the district will vote to raise and appropriate matching funds in the amount of \$8,361 to make building improvements for energy conservation under the Energy Conservation Program through the New Hampshire Governor's Council on Energy. (Title III NECPA). These sums to be used only if matching funds are approved.
8. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries of school district officials and agents and for the payments of the statutory obligations of the district
9. To transact any business that may lawfully come before said meeting.

Given under our hands at said Northumberland this 3rd day of March, 1979.

SALLY RYAN, CHAIRWOMAN
JOHN SULLIVAN
STUART LORD
GILBERT MAJOR
JOSEPHINE MAYHEW

SUPERINTENDENT'S REPORT

The 1979 school year witnessed a number of new developments and continuing educational efforts in the Northumberland School District. As part of the district's share in School Administrative Unit 58 activities, a union-wide accountability committee has been working to develop the individual components of the plan required by the state. Statements of essential learning outcomes and specific performance indicators are developed for four major curricular areas required in the state guidelines, including American and New Hampshire History and Government, Mathematics, and English. Once the local accountability plan is accepted and approved by the state, evaluation of student achievement of the curriculum goals will be made and reported to the communities.

Two major projects are taking place which will streamline services and provide for more efficient reporting and use of data in the day-to-day business operations of the union. One of these projects is a state mandated system of accounting procedures, called "Handbook II-R," and represents a major revision of the old budget category system. The new system will provide "account" numbers which identify the source of funds for any expenditure, the function to which the funds are applied, the object purchased by the money, and other significant information such as type of project, grade level, department, etc. Appropriate training will be provided for principals, department heads, and clerical staff to allow for a smooth transition to the new system.

In connection with the new fiscal accounting system, an electronic data processing computer will be installed in the School Administrative Unit 58 office to handle the significantly increased demands of information processing and reporting, payroll, accounts payable and receivable, general ledger, and the records necessary to the efficient operation and management of the business office. The computer, an NCR 8100 system, will also have the capability of being used for instruction with the addition of minor components in the future. As with most data processing systems, this one will not replace any personnel, but it will in all likelihood forestall the need to add on to the business office staff in the foreseeable future.

Special education programs within the districts continue to serve the needs of the handicapped child. The individual educational program (IEP), required for any youngster who is placed in a special educational program, is designed to identify highly specific learning needs and direct the teacher to helping the child achieve mastery of those needs within a stated time. The special education program receives partial federal funding under Public Law 94-142, which is used principally to pay for part of the staff salaries and professional psychological evaluations.

As a result of a Title I sponsored workshop, twenty staff members from all districts participated in a reading training program using

Spalding Phonics based instruction. The teachers, aides, parents, and administrators who took the course received insights and skills in one of the most effective beginning reading programs in use today. The program is based on the fact that learning by children through four "pathways" at once - seeing, saying, hearing, and writing - provides immediate reinforcement and logical, consistent learning of fundamental letter sounds. Significant success has been achieved by this program throughout the country, and it has been especially valuable for teaching remedial, dyslexic, and special needs children. The program, which requires only teacher training, relies on a well stocked library of good, high quality reading materials. There is no requirement to purchase special workbooks, textbooks, tapes, posters, charts, etc., as is often found with major publishing houses' "look-say" reading programs.

The fall enrollment for Groveton Elementary School was 350 pupils in grades K-6. The enrollment figures have remained stable for the past few years. The enrollment figures for the past four years are: "78-79"-342 pupils; "77-78"-348 pupils; "76-77"-350 pupils, and "75-76"-349 pupils.

To accommodate the enrollment and to provide the special services for the youngsters of Groveton, twelve basic classrooms are used at the elementary building. In addition the main building has space and facilities for the school nurse, speech therapist, special education resource room, library, special education classroom, music practice room, and a kitchen-cafeteria. Outside classrooms for remedial reading, Title I, and a second grade classroom are rented at the Methodist Church. The kindergarten and a second grade classroom are located at St. Francis. This means that eighty-six regular classroom pupils are using outside facilities each day and another sixty pupils use the Title I or remedial reading classrooms sometime during the school day.

During the summer of 1979, in addition to the regular summer cleaning, several summer repair and maintenance projects were completed at the three buildings. The work included the painting of classrooms and corridor areas at the three buildings, completion of a storage area in the basement area for storage of kitchen and custodian supplies, re-finishing of the wooden floors in corridors and classrooms in the main building, and the cleaning and relining of the boiler.

The direction of the school curriculum has continued to stress and place emphasis on the basic communication and mathematics skills. The curriculum provides for girls and boys a balanced program in art, language arts, mathematics, writing, music, physical education, science and social studies. In addition, the school provides library services, health services, remedial reading, speech, special education and a small group tutoring program with a Title I program.

Each year the staff of the school completes a curriculum study of one or two areas of the school program. The study will allow the staff to review, revise, and up-date the curriculum, materials, and programs. During the past year we reviewed the English curriculum and primary reading program. As a result of the study a new English program was purchased for grades five and six and a new reading series was purchased for grades one and two.

The Title I program, a federally funded project for thirty children in grades K-6, provides tutoring for children in reading, language arts, and mathematics. Children, who are selected for the program on teacher recommendation, classroom performance and test results, receive about a half hour per day of individual and small group tutoring in areas in which improvement of skills is desirable. Parents, teachers, and Title I staff are members of an advisory committee which continually monitors the project and provide direction for its future development.

Another important aspect of our program is staff development and in-service training. Every full-time member of the professional staff must complete a minimum of fifty approved hours of activity for each three-year period. During the past year in-service workshops were provided at Groveton Elementary School for the professional staff. Training sessions were provided in the areas of developing programs for children with learning disabilities, teaching reading through phonics, and a nutrition education workshop.

Groveton High School was visited and evaluated by a committee of the New England Association of Schools and Colleges, of which Groveton is a member, on October 15, 16, 17, 1979. The school was commended in many areas. Recommendations were also presented in a written report received in December, 1979. The school staff has analyzed the recommendations and has placed each recommendation in a priority order as requested by the New England Association. Many of these recommendations, especially those pertaining to the health and safety of the students and staff, have already been implemented. Other recommendations must wait to be implemented due to either necessary preliminary planning or for financing or for both. The final decision on Groveton High School's accreditation will be made on March 22, 1980.

Upgrading of materials continues in all academic areas with additions to the basic library collection as well. Maintenance of the physical plant continues in the excellent manner it has in the past under the able supervision of Mr. Dennis Maguire and the night custodian, Mr. James Emery.

Curriculum development made excellent advancements in all academic areas, supervised by the capable department heads. Constant evaluation of programs will continue in order to meet the needs of our students. Progress also continues in preparing the industrial arts area with Mr. William Joyce, industrial arts instructor, working on the installation of the metalworking and welding devices. Mr. Eugene Blank and his building trades classes began construction of their fifth house. Utilizing Mr. Blank's innovative designs in the heating of these homes, the new homes will be more dependent on solar energy for heating.

Affiliation in the regional concept of vocational education with North Stratford, Gorham, and Berlin continues to be successful. An average of thirty students each year take part in the programs offered in Berlin. Groveton High School's own business education program, under the supervision of Mr. Richard Holt, continues to be exemplary. The work-study program which has been so successful due to the excellent cooperation of local businesses, especially the Groveton Papers Company, continues.

An activities program was introduced this year and has been, initially, very successful. Students, under the supervision of the staff, participated one day each week for six weeks in activities selected from a list developed from student requests. Areas from snowshoeing to a computer club were offered. The program has been successful enough to investigate the possibility of continuing with a springtime program.

Continued success of existing programs and the on-going development of staff skills through in-service activities provide a quality curriculum, serving the basic needs as well as the co-curricular, sports, and social activities so vital to a contemporary education.

Respectively Submitted,

ALAN E. RICH
SUPERINTENDENT OF SCHOOLS

REPORT OF SCHOOL NURSE
1978 - 79 SCHOOL YEAR

Screening 725 students screened for height, weight, vision and hearing.
Referrals Vision--18 students
Hearing--14 students

Physicals Athletic--83 students
Grade--149
Pre-School--24
Staff--19
Referrals: Surgical--1 Staff
Orthopedic--5 students
Cardiac--3 students
Dental--1 Student

Dental Examinations 149 students examined; 32 students had dental work done.

TB Test 74 students; 19 staff

Immunization 195 students were immunized
DPT--10
DT--76
OPV--71
MMR--1
Rubella--1
Mumps--9
Measles--2
29 Staff Members received DT Boosters

Pre-School Registration 40 Students Registered

Pre-School Vision and Hearing Screening 26 Students Screened
Referrals: Hearing--0 Vision--5

Pre-School Immunizations--25
DPT--12 OPV--13

742 Students evaluated by nurse
Elementary School--447 students
237 First Aid
210 Other
High School--295 Students
113 First Aid
182 Other

Programs Growing up Service for boys and girls in grades 5 and 6.
Career Education--Grade 4.
Two year program to bring all students to full immunization completed.

RESPECTFULLY SUBMITTED,
JUNE PARTRIDGE, R.N.
School Nurse
